

A – Z: the alphabet in art
Works from the collection

The Withey Family Gallery

Friday 10 June 2016 - Sunday 16 July 2017

Drawn from our collection, this playful exhibition brings together a curious combination of works inspired by the alphabet.

Selecting pieces for this exhibition presented me with the opportunity to create fun and unusual combinations of artworks from the collection for our visitors.

Play a classic game of 'I Spy', or create your own game using the artworks as a visual language. I invite you to interact with some wonderful pieces in what I hope is an engaging, family-orientated and entertaining exhibition.

After viewing this playful glimpse into the Gallery's collection, you'll really know your ABCs!
